Summary

Data analyst with 18 months of experience turning sales and customer data into dashboards and decisions. Strong in SQL, Python, and Power BI, and used to working directly with business teams to define metrics and answer questions quickly.

Skills

SQL, Python (pandas, NumPy), Power BI, Tableau, Advanced Excel, Google Analytics, A/B testing, Statistics, BigQuery, ETL, Data cleaning, Stakeholder reporting

Experience

Data Analyst Jun 2024 – Present
Freshcart Retail Pvt. Ltd., Gurugram

- Built a Power BI sales dashboard used every morning by 25 category managers, replacing six manual Excel reports.
- Wrote SQL models in BigQuery for daily order, basket, and repeat-customer metrics across 40 dark stores.
- Analysed a free-delivery A/B test that supported a policy change, lifting average order value by 7%.
- Automated the weekly inventory ageing report with Python, saving the supply team about four hours a week.
- Found a duplicate-order bug in app event data and worked with engineering to fix tracking.

Business Analyst Intern Jan 2024 – May 2024
Insightly Analytics, Noida

- Cleaned and merged survey data from 12,000 respondents for a consumer goods client.
- Built Tableau views on regional brand awareness that went into the final client deck.
- Documented data definitions so the team could reuse the pipeline on the next survey wave.

Projects

Customer Churn Analysis

- Logistic regression model on 7,000 telecom customer records with 81% accuracy.
- Summarised churn drivers in a one-page Power BI report for non-technical readers.

IPL Auction Insights

- Scraped and cleaned ten seasons of auction and performance data with Python.
- Built a Tableau dashboard comparing player price against runs and wickets per match.

Delhi Air Quality Tracker

- Python pipeline that pulls daily AQI data from public sources into a SQLite database.
- Power BI report showing seasonal trends and the worst-affected areas across 35 stations.

Education

Guru Gobind Singh Indraprastha University 2020 – 2024
B.Tech in Information Technology — CGPA 8.1/10 *New Delhi*

- Final-year project: demand forecasting for a college canteen using time-series models
- Head of the Data Science Club: ran a Kaggle study group for 40 students

Certifications

- Google Data Analytics Professional Certificate
- Microsoft Certified: Power BI Data Analyst Associate
